Introduction

The management and operation of cemeteries and crematoria in Victoria is governed by the Cemeteries and Crematoria Act 2003 and Cemeteries and Crematoria Regulations 2015. The Cemeteries and Crematoria Regulation Unit provides support to cemetery trust members and other stakeholders to help them meet statutory obligations. The Cemeteries and Crematoria Act 2003 (the Act) governs the operation of Victoria's cemeteries and crematoria sector. The Cemeteries and Crematoria Amendment Bill 2009 made a number of amendments to the Act. The Act was most recently amended in 2015.

The Cemeteries and Crematoria Regulations 2015 (the Regulations) came into operation on 27 June 2015. The Regulations are designed to:

- regulate public cemeteries and crematoria
- regulate the activities of cemetery trusts
- meet community expectations in relation to the interment, cremation and memorialisation of deceased persons.

Beenak Cemetery Trust has developed this policy document to suit the burial requirements and needs of the general community. It relates to Beenak Cemetery.

This policy should be read in conjunction with the Cemeteries and Crematoria Act 2003 and the Cemeteries and Crematoria Regulations 2015 as they may include situations that are not covered by this policy.

Objectives

1. To provide clear guidelines surrounding the management and requirements of Beenak Cemetery
2. To provide for the effective, efficient and appropriate operation of the Beenak Cemetery
3. To ensure all activities which take place within the cemetery grounds shall comply with relevant Workcover and Work Health & Safety requirements.

Definitions

Cemetery trust	means a cemetery trust established under Part 2 and includes a Class A cemetery trust and a Class B cemetery trust;
Cemetery trust fee	means a fee or charge or scale of fees and charges set under section 39 and either - <ul style="list-style-type: none">• approved under section 40; or• exempt under section 40A from approval under section 40;
Cemetery trust rules	means rules made by a cemetery trust under section 26;
Class B cemetery trust	means a cemetery trust other than a Class A cemetery trust;
Interment	means the interring, burial or placing of human remains in a place of interment and, in relation to cremated human remains, includes the interment of those remains, whether or not the remains are enclosed in a receptacle;
Interment approval	means an approval granted by the Secretary under Part 8 to inter bodily remains in a place other than a public cemetery;
Interment authorisation	means an authorisation granted by a cemetery trust under Part 8 to inter bodily remains in a public cemetery for which the cemetery trust is responsible;
Listed Class B cemetery trust	means a Class B cemetery trust included on a list prepared by the Secretary under section 18K;
Memorial	means a monument, tombstone, headstone, ledger, cenotaph, plaque or other method of memorialising a deceased person where that memorial is within a public cemetery;

Cemetery Background Information

Beenak Cemetery is nestled in a picturesque valley amongst virgin bush land and other natural flora and fauna. It holds the key to the lives of the district's early settlers. It was gazetted as a cemetery on 13 December 1878.

Today, Beenak Cemetery contains over 400 designated plots, with some available land still undeveloped. Although it has progressed a long way since its first inception, the cemetery still maintains its original mystique of being a quiet, peaceful locale nestled amongst a backdrop of Australian bush; an idyllic setting where one can hear the birds sing and watch the sun set amongst the trees. Although engulfed in totally natural surroundings, Beenak Cemetery offers shelter from the cold, wintry elements, and minimal public conveniences.

Directions

Access is off Beenak Road.

From Gembrook:

- Follow the Gembrook-Launching Place Road from Gembrook for approximately 11km. This road will take you through Kurth Kiln Regional Park and Gilwell Park Scout Camp. **PLEASE NOTE:** *some of the corners are quite sharp, and there is known to be wildlife (primarily in the form of wombats and wallabies) in this area.*
- You will come to a road on your right-hand side which is sign-posted **Beenak Road**. The road is also sign-posted with a blue **Cemetery** sign and there is a boulder in close proximity to the signs.
- Beenak Road is a dirt road and varies in its presentation dependent upon the time of the year and weather conditions. However, it is well graded and maintained.
- Follow Beenak Road for approximately 3.5km. Beenak Cemetery nestled in the valley on your left-hand side.

From Woori Yallock:

- Follow Warburton Highway until you see the Lusatia Park Road sign. Turn right here.
- Follow Lusatia Park Road until you reach a 'T' intersection - approximately 8km. The Hoddles Creek CFA will be on your left-hand side at this intersection.
- Turn right into Gembrook-Launching Place Road and follow it for approximately 6.5km.
- You will come to a road on your right-hand side which is sign-posted **Beenak Road**. The road is also sign-posted with a blue **Cemetery** sign and there is a boulder in close proximity to the signs.
- Beenak Road is a dirt road and varies in its presentation dependent upon the time of the year and weather conditions. However, it is well graded and maintained.
- Follow Beenak Road for approximately 3.5km. Beenak Cemetery is nestled in the valley on your left-hand side.

Cemetery Administration

- Cemetery Trustees will always conduct themselves in a respectful and responsible manner.
- Beenak Cemetery will be open to the public always, subject to temporary closures required for maintenance, public safety etc.
- Access to the Cemetery is limited to people with a legitimate reason for visiting. The Cemetery is not a public right of way. Visitors to the Cemetery are requested to conduct themselves in a manner appropriate to the sensitivity of the location.
- The Trust will keep a register of interments including cremated remains, in which shall be entered the date of death, name, age and last known address of every person whose remains are interred in each cemetery. Registration of burials shall include the section, number and depth of the grave in which such interment has been made, by whom it has been made and the date of such interment. Such registers are available for public inspection.
- The Trust will maintain and update plans of the cemetery that will indicate the locations of each section, block, and grave site number.
- Certificates of purchase will be issued by the Trust to all persons who pre-purchase a plot.

Schedule of Fees (correct as at 1 July 2017)

Purchase of burial plot	\$595.00
Grave digging fee	\$595.00 (subject to location)
Interment fee	\$44.00
Opening fee (exhumation)	\$1195.00
Ashes into plot	\$115.00
Erection of memorial	10% of memorial cost (minimum fee \$165.00)
Re-opening for second burial (excludes grave digger)	\$230.00
Administrative service fee	\$120.00

Burials

- The Trust requires from the Funeral Director, two business days' notice prior to an interment being confirmed, to allow sufficient time for grave digging to be completed.
- No more than two coffin interments shall be conducted in the same burial site.
- The normal days for burial shall be Monday to Friday (excluding public holidays). Burials outside these days may be possible by special arrangement with the cemetery trust.
- Interment must be conducted by an approved undertaker instructed by the next of kin or executor of the estate of the deceased. The transportation, storage of bodies and burial are to be in accordance with the relevant acts and regulations in force at that time.
- Interments will not take place without prior approval by the trust. Each interment will require the presence of cemetery staff to prepare and complete the interment.
- All bodies for interment must be encased in a coffin with the lid securely sealed.
- Digging of graves shall only be undertaken by personnel as approved and engaged by the trust. The grave dimensions are a maximum of 2100mm x 650mm. If the grave required is of larger dimension, the Trust may charge an oversize fee, if the fee has been approved and gazetted.
- Graves are to be closed within one hour of the conclusion of the funeral service, or as soon as the attendees have vacated.
- When a grave is opened for a second burial, the excavation shall be made to leave a layer of undisturbed earth not less than 200 mm in depth above the lid of any coffin already in the grave. The upper surface of the coffin is to be at least 1000 mm below the natural ground surface level.

Cemetery grounds

No person shall, on cemetery grounds, without the written consent of the trust:

- Sell or buy any article, carry on any trade, business or calling or promote or advertise the same by solicitation or by any other system or advertisement whatsoever
- Distribute any handbill, card or circular or other advertisement
- Disturb any funeral service at any grave by working in the cemetery
- Discharge any firearms except at a military funeral
- Cut, break or deface any of the statuary monuments, trees, shrubs, plants, seats, gates, posts or fences
- Commit any riot, breach of the peace or nuisance or otherwise offend against decency or decorum

Pre-purchase, resale or buy-back of plots

- Plots can be pre-purchased by contacting the cemetery trust. Upon purchase, the owner will receive a certificate of ownership along with other relevant documentation.
- The land size of a plot is 2400mm x 1200mm.
- If no longer required, plots may be transferred to another person (eg a family member). For this to occur, the trust must be notified in writing from both the seller and the purchaser, and transfer of ownership will then be undertaken.
- If a plot is no longer required, the trust must be notified in writing. In most instances, the trust will buy the plot back from the current owner, at the current plot purchase price.

Floral tributes and/or ornaments

- Floral tributes are to be placed in receptacles. The use of glass jars and containers for the display of floral or other tributes shall be kept to a minimum.
- Glass jars and containers that detract from the general appearance of the Cemetery may be removed at the trust's discretion and without notice. Aged flowers and wreaths may be removed at the trust's discretion and without notice.
- All rubbish must be removed from the cemetery grounds.

Grave surrounds and memorials

- Grave surrounds and memorials are the responsibility of the interment right holder. Any works associated with a grave site must be approved by the trust prior to the commencement of works.
- A plan, and payment of 10% of the total cost of works (minimum of \$165 applies) must be received prior to the commencement of works. The trust must approve any gravesite works prior to their commencement. Failure to comply with this may result in removal of the gravesite works.
- Post any works undertaken, the plot and surrounding areas must be cleared of any excess material and waste.
- The size of grave surrounds must not exceed 2400mm x 1200mm. Should grave surrounds exceed the specified measurements, the Trust will attempt to contact the Interment Right Holder (or their heirs and successors). Should this not be possible or achievable, the Trust reserves the right to modify the grave surrounds.

Maintenance of gravesite surrounds and memorials

- The ownership of plaques, monuments or other structures is deemed to be with the Interment Right holder (or their heirs and successors) who caused the plaque or monument to be installed or structure to be constructed.
- The trust shall not be responsible for the upkeep, maintenance, repair etc. of any plaque, monument, plant or structure.
- The Interment Right holder is responsible for the upkeep, maintenance and repair of the gravesite.
- The trust may act to remove any structure that has become dilapidated, unsafe or unsightly.
- In the interest of public safety, the trust is permitted to refill any site that falls below ground level.
- Only plants which, at their mature size, do not reach larger than one metre tall and one metre wide, are permitted to be planted in gravesites. This is to avoid impacting on adjacent and/or neighbouring gravesites, both above and below ground.
- Should plants exceed this size or are deemed unsuitable by the Trust at any time, the Trust will attempt to contact the Interment Right Holder (or their heirs and successors). Should this not be possible or achievable, the Trust reserves the right to prune or remove plants.
- The trust will provide regular maintenance operations to the cemetery.

Cremated remains

- Before the placing of cremated remains takes place, family members must advise the trust and complete an interment form, so records can be entered and kept up to date of who is interred.
- If ashes are to be buried at the cemetery, a plot must be purchased first.
- No interment right is required for the scattering of cremated remains within the designated garden areas, however, ashes may not be scattered within the cemetery unless written approval has been given by the trust in advance.
